

## Spring Fling with ESC Region 5

Workforce Solutions of Southeast Texas participated in the 2023 ESC Region 5 Spring Fling "Take a Dive with Region 5" at the Beaumont Civic Center. Over 1,000 students, parents, and educators attended this exciting event to celebrate the school year. TWS Vocational Rehabilitation and Workforce Youth Services information was shared with everyone. Great Day!

## Education Outreach-Career Exploration

Workforce Solutions partnered with the Beaumont Public Library System to provide local youth with virtual reality career exploration. Using a variety of modules, participants were allowed a "hands-on" look at many high-demand career fields including automotive, manufacturing and skilled trades. Sessions were held at all four branches in the hopes of giving our future workforce invaluable insights into the day-to-day realities of diverse careers. Virtual reality sessions like this are provided free-of-charge to community partners as part of the Education Outreach program. Contact us to learn more! ## Labor Market and Career Information

Texas Career Check is an online tool developed by the Texas Workforce Commission that provides resources for all stages of the career exploration process. It offers an assessment to identify interests and skills, provides job statistics for all fields, and suggests educational programs based on one's desired career. It even links to our partner site for military job information. Using Career Check allows Texans to make an informed decision, whatever their next step may be.

# 2023 Connect to Your Future Summit

Preparing our youth for the post-pandemic labor market presents new challenges, and new opportunities, for regional education, economic development and workforce partners. Join us for a special luncheon presentation of current labor market trends and strategies for meeting the changing job needs of our students and young adults.

Coordination to  
Integration: A Labor  
Market Approach" **Rich  
Froeschle**, Senior Labor  
Market Economist, Texas  
State Technical College

## Vocational Rehabilitation Services

Texas Workforce Solutions Vocational Rehabilitation Transition Services can prepare students with disabilities for post-secondary education and employment opportunities. Student's ages 14-22 with an Individualized Education Plan (IEP) or 504 accommodations are potentially eligible for Vocational Rehabilitation Services. Services are based on eligibility and need, not income. Historically, parents and students start looking into Transitional Services at the end of high school; however, with Pre-Employment Transition Services (Pre-ETS) students can begin to explore and plan at age 14. Pre-ETS activities include:

- Career Exploration
- Workplace Readiness Training
- Work-Based Learning
- Counseling on Postsecondary Enrollment
- Self-Advocacy
